

FEGGA Scholarship

• • •
Elin Foyle

Introduction

Elin Foyle

Age: 24

Origin: Germany

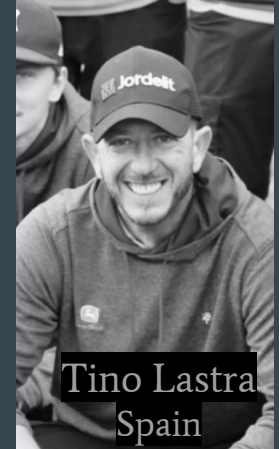

Students 2025

Nova Rilheim
Sweden

Oliver Sigurdsson
Sweden

Tino Lastra
Spain

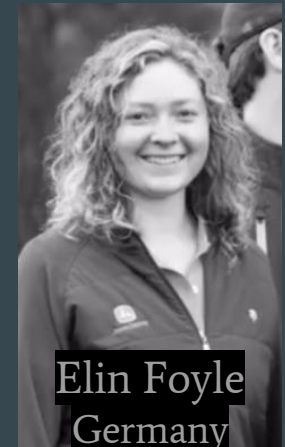

Jon-Åge Ruud
Norway

Bartek
Maciejkiewicz
Poland

Luca Nardari
South Africa

Elin Foyle
Germany

My time on the FEGGA scholarship

- Challenges
- Networking
- Education
- Responsibility

My time on the FEGGA scholarship

- Challenges
- Networking
- Education
- Responsibility

Things I learnt

- Different views
- Visions
- Importance of networking
- Personal growth

Projects

Clip Volume

Robotic mowers

Water management

Fastest green

Water management

Devices & Instruments

Drones

Multispectral camera captures invisible light

POGO

Contact probe for measuring various parameters

Underground sensors

Buried soil health and moisture monitor

Sensors

Microwave device for turf condition analysis

Nozzles

Reduces water output by changing the pressure

Satellites

Orbital scan that indicates turf quality and moisture

Goals:

- Conserve water
- Compare technologies for measuring moisture
- Produce healthier playing surfaces

Approach:

- Research
- Reach out to companies
- Compare options
- Collect data
- Analyse data

Project

Challenges:

- How to approach it
- Setting priorities
- Documentation

Likings:

- Intense engagement on one topic
 - Better understanding
 - Personal development
 - Organisation
 - Teamwork
 - Gathering data
 - Monitoring
-

How the scholarship helped me advance in my career

- Build a network
- New ideas
- Different perspectives
- Motivation
- Expand knowledge
- Broaden horizon

Volunteering

- Gained confidence
- Different pressure
- High standard

Where I am now

- Golf Club Chieming
 - Assistant Head-Greenkeeper
 - Certification in Golf turf management
-

Important

- Thrive for more
- Help each other
- Keep trying
- Don't be afraid to be different

Thank
you
